EDUCATION

F.Sc. Computer Science

Al-Muslim College, Charsadda
2023

INTERESTS

High-Performance Web Render Engines,
UI Animation Frameworks, Open Source
Projects.

Maaz Ali

FRONTEND WEB DEVELOPER

Passionate Frontend Web Developer and F.Sc. student specializing in building high-fidelity, lightning-fast web applications. Focused on engineering responsive, fluid, and robust user interfaces using React and Tailwind CSS while ensuring clean architecture, semantic code, and top-tier page performance optimizations.

ENGINEERED PROJECTS

PPC Growth Lab

ppcgrowthlab.com ↗

Live Client Production Build (React & Tailwind CSS)

- Designed and engineered a modular corporate interface for an Amazon PPC Management agency.
- Configured and registered custom secure domain properties with optimized DNS routing.
- Identified, analyzed, and successfully resolved canonical redirect flags in Google Search Console.

Personal Developer Portfolio Hub

maazali091.github.io ↗

Production Dashboard & UI Laboratory (React)

- Crafted a sleek, neon-inspired tech portfolio utilizing highly optimized modular component states.
- Built and maintained automated compilation scripts deployed seamlessly via GitHub Pages.
- Achieved solid 95+ scores on Lighthouse performance, accessibility, and SEO metrics.

INDUSTRY EXPERIENCE

Freelance Frontend Developer

2025 - PRESENT

Global Client Base

- Translating complex UI/UX designs into pixel-perfect, highly fluid and semantic HTML/CSS structures.
- Refining and optimizing outdated codebases to utilize rapid Tailwind utilities and React hooks.
- Managing clean Git architectures and collaborating directly with clients to meet performance targets.

CORE DEVELOPMENT STANDARDS

🎯 Mobile-First Responsive Frameworks • ⚡ Highly Optimized React Hooks & Performance • 🔧 Systematic Version Control with Git/GitHub • 🔍 Advanced SEO & Page-Speed Lighthouse Auditing • 🧩 Semantic and Scalable Component Architecture
